Correspondent fees

"Eurotransfert" fees are allocated in accordance with the "shared fee" principle (SHARE); BIL transfers the full amount requested by the client. Local fees may be deducted in the country of the beneficiary client. Where the "fees payable by the ordering client" (OUR) instruction is in place for international transfer orders, correspondent fees are charged in addition to the BIL "eurotransfert" fees (fee schedule: see "Non-SEPA transfers").

3. Non-SEPA credit transfers

International credit transfers outside the scope of European Regulation N°. 260/2012

Definition

The fee schedule for international credit transfers outside the scope of European Regulation N°. 260/2012 applies to:

- all credit transfer orders to a non-SEPA zone country (regardless of the amount and currency of the order),
- all credit transfer orders in a currency other than the euro (regardless of the amount and destination country of the order),
- all credit transfer orders without the IBAN and/or BIC.

Additional fees

The full transfer amount is credited to the beneficiary and all charges are borne by the BIL client when the OUR (fees payable by the ordering client) option is selected. In this case, the following flat-rate correspondent fees are added to the transfer fee. BIL reserves the right to invoice the actual amount of correspondent fees deducted if they are significantly higher than EUR 100.

USD correspondent fees

For USD transfers with shared responsibility for fees (SHA), or where fees are payable by the beneficiary (BEN)

The bank cannot guarantee the effective amount credited to the beneficiary of an account in the US, as US banks apply their own fees in addition to correspondent fees.

All credit transfers

Fees in the amount of EUR 5, plus any fees charged to us by our correspondent(s), shall be invoiced to the client in respect of any reversion of funds from the beneficiary's bank. These fees shall not be invoiced in the event that the bank has committed an error.
